Professional Summary

Frontend development student with 20 years of experience as a technical writer in cross-functional environments. Strong analytical skills, fast learner and fluent in Norwegian and English. Experienced with UI text, documentation, process improvement and quality assurance. Comfortable in agile teams and familiar with the full development lifecycle. Now building modern, responsive solutions with HTML, CSS and JavaScript, combining technical insight with clear, user-focused communication.

Technical Skills

Frontend: JavaScript, HTML, CSS

Design: Figma, responsive design, component-based thinking

Writing: UI text, microcopy, documentation, information architecture

Tools: Git/GitHub, VS Code, Adobe Photoshop, InDesign, Dreamweaver, RoboHelp, Arbortext, SolidWorks Composer

Methods: Agile/Scrum, sprint planning, retrospectives, cross-functional collaboration, quality assurance

Languages: Norwegian (native), English (professional), good understanding of Swedish and Danish

Selected Projects

RainyDays: Responsive e-commerce prototype

Static e-commerce layout built with semantic HTML and modern CSS.

Responsive design focused on clean structure, branding, and usability.

Semester Project 1: Dynamic content

Interactive museum website with exhibitions, events, and learning content.

Designed with structured layouts and accessible design to inspire exploration.

JavaScript 1: Interactive functionality

Interactive webpage demonstrating core JavaScript logic and client-side functionality. Focused on simple UI updates, clean structure, and practical coding principles.

Work Experience

Technical Writer at Visma International Software

Aug 2021 to Jul 2024 Oslo, Norway

- Created and maintained UI text, help systems and user-facing documentation in English.
- Worked closely with developers, designers and product teams in agile two-week sprints, including daily standups and retrospectives.
- Contributed to quality assurance of new features before release, providing structured feedback on clarity, flow and user experience.
- Improved processes and technical solutions within the tech writer group.
- Quickly adapted to new systems and workflows and integrated smoothly into established development cycles.

Technical Writer at Esso Norge (Kelly Services)

Mar 2019 to Jun 2021 Tønsberg, Norway

- Created and improved learning materials for refinery operators working with complex industrial systems.
- Read and understood detailed technical drawings and process descriptions.
- Collaborated closely with subject matter experts to ensure accuracy and clarity.

Technical Writer at Kongsberg Maritime (TopTemp)

Dec 2017 to Feb 2019 Horten, Norway

- Produced user manuals for maritime and naval products.
- Coordinated UI translations and collaborated with product teams.
- Improved documentation structure, consistency and quality.

Technical Writer at Vinghøg AS

Mar 2011 to May 2016 Nøtterøy, Norway

- Responsible for procedural documentation for assembly and testing.
- Created illustrations and images based on 3D models.

Technical Writer/Translator at Mamut ASA

Nov 2008 to Feb 2011 Oslo, Norway

- Created, translated and updated user documentation in Norwegian and English.
- Produced built-in and web-based help files, guides and books.
- Improved UI text and tested new features before release.
- Strengthened information flow between development and documentation teams.

Technical Writer/Translator/Team Lead at Knowledge Accelerators

Nov 2003 to Jul 2008 St. Petersburg, USA

- Led a team producing English e-learning content for commercial and proprietary software.
- Wrote multimedia learning solutions and ensured quality before delivery.
- Translated and recorded Norwegian audio for e-learning modules.
